The Recreational Center Of the SIERRA

SUN BEAMS

By WALTER M. BARRETT

Truckee today faces one of the most critical times in its history insofar as the future of the town is concerned. Depending largely upon its natural resources to keep it the recreational center of the Sierras, with snow sports and fishing the two most outstanding programs, local residents are being called upon to throw their united sport behind these two projects. With more than $400 raised for fish development, this year promises to see a good crop of young trout planted assuring good angling again but the snow sports program rests on the divide. Assurance of financial assistance in promoting one of the biggest winter sports developments in the state has been virtually given, but only with the provision that businessmen and others in Truckee show a willingness to fully cooperate in putting over the program. The future of winter sports has been tossed into the lap of Truckee Outing Club, a local corporation organized for sponsoring just such projects and there is one, and only one, way to make it possible for this club to function to the degree necessary, and that is through a strong membership behind the officers and directors of the club. The officers have pledged themselves to leave no stone unturned which might assist in development of the snow sports program, but without the unified cooperation of others in Truckee they will be materially handicapped. They ask only that new members be enlisted to give the added strength required.

A membership costs only three dollars a year and with this small sum is hoped to develope, with of course considerable outside aid, the finest winter sports park and program in the west. The meeting here Monday indicated a sincere attitude of the businessmen and there seems to be no reason why this crisis should not easily be passed. It needs only a boost from each one and with knocks only for those who ridicule or otherwise attempt to throw despair on the proposition.

What could happen if a fire broke out in the west section of Truckee some night with a stiff wind blowing in the right direction to carry the flames down through the town? It is not a difficult question to answer. We can all visualize the dire result, although of course, we don't like to think of such things and naturally pray such will never be the case. However, with our present fire fighting apparatus, we would be almost entirely powerless to combat any major conflagration. We could, as we have in the past, depend upon our volunteers to do everything they could, even to risking their lives, but how easy it could be to give ourselves protection and the volunteers to assistance which is not only needed but which is absolutely vital. Next Wednesday we will be called upon to decide whether we shall have our new apparatus, modern and sufficient for local needs, or whether we shall continue to hope that a disasterous fire never occurs and let our present antiquated equipment continue to suffice. There can be no question as to the need for the new truck, it is only a question of whether we shall continue to dread fire or be ready to meet it in any emergency. Go to the polls Wednesday and vote "Yes" on the ballot.

After a trip to the sweltering valleys we appreciate even more the fine climate which we here in Truckee-Lake Tahoe regions enjoy. It takes only a brief trip to convince us that no where can Sierra air be beat.

Still no report from the "debris" committee. Wonder what can be wrong. As you recall this committee was appointed several weeks ago to determine ways of keeping Commercial Row freed from debris. We offer the hope they haven't forgotten what they set out to determine.

The fourth of July week end promises to be a big one for this region as the weather continues to be warm in the lower altitudes. There is only one serious thought which should be remembersd and that is the fact that everyone with any kind of a car and all kinds of drivers will be on the highways. Take it easy and watch out for the other fellow. He may be a poor driver.

One of the dangers of depositing trash and old papers in the alley behind Commercial Row, was exemplified here today when a carelessly tossed match or cigarette ignited the debris and nearly caused a disasterous blaze. Had this occured at night, with our present equipment, there is no telling what serious damage may have resulted.

IMPORTANCE OF NEW FIRE TRUCK SHOWN LOCALLY

Election Next Wednesday To Determine Question For Town

READY FOR DELIVERY

Everyone Is Urged To Help Passage Of Issue At Polls

Members of the Truckee Volunteer Fire Department and others who realize the importance of the issue are working this week securing if possible sible support for the election next Wednesday when it will be decided whether Truckee will have its promised new fire truck.

The imparative need for the apparatus is being stressed by all familiar with the situation. It is pointed out by Fire Chief Tom Dolley that the truck has served all usefulness and that it should be relegated to the junk heap.

Others tell of the high insurance rates effective here which should be materially reduced under the proposed new set_up.

The new truck has been ordered and will be ready for delivery shortly after the election providing voters of the district see to it that the issue carries. Otherwise the town will be dependent upon bucket brigades, tow cars and other antiquated methods of fire fighting

Three Residents Of Truckee Win Citizenships

Examinations Are Held In Nevada City For Residents

Andra Armati and Ole Wergeland of Truckee and John Lemeye of Hobart Mills were three of the 20 successful applicants for full rights of citizenship of the United States after their appearance in the superior court of Nevada City on Monday morning, presided over by Judge Raglan Tuttle.

They were given the examination by a member of the U. S. Department of Labor.

Other applicants were continued until next naturalization day.

FIREWORKS TABOO IN FOREST SAYS LOCAL OFFICIAL

Youthful celebrants of July 4 who want to say it with firecrackers will not be permitted to do so in the Tahoe National Forest because of the great fire hazard, Supervisor DeWitt Nelson states.

The public is invited to spend the week end in any of the numerous camp grounds in the Tahoe National Forest and because of the recreational use made of the camps at this time by a great many vacation seekers the fire risk is high, making it necessary for strict compliance with the state law which prohibits the use of fireworks within the Tahoe National Forest.

FIRE DAMAGES TRUCKEE POOL HALL HERE TODAY

Presumably starting from a cigarette or lighted match carelessly tossed into a pile of rubbish in the rear of the Sportland Pool Hall, fire at noon today threatened to become unmanagable, but was controlled thruogh the efforts of the Truckee Volunteer Fire Department. The damage was confined to an old shed in the rear of the building. Fire Chief Tom Dolley directed the fighting.

$400 Subscribed To Fish Program For This Region

Harmon Has Good Results In Soliciting Of Funds Here

More than $400 has been subscribed by local business men toward the fish planting program here, it was announced here Friday night by E. H. Harmon, who has been instrumental in raising the fund.

The report was made at the meeting of the Truckee River Sportsmen's Association, called for the purpose of deciding upon new officers and directors to carry on the work locally in cooperation with the San Francisco Fly Casting Club which annually raises the fish to be planted in the river.

Because of the small attendance no action was taken of an official nature.

Lion Officers Installed Here By Sparks Man

Edmunds Seated As Pres. Of Truckee Civic Club

Deputy District Governor William Koskella of Sparks last night installed the new officers of the Truckee Lions club, seating C. Edmunds as president of the local civic organization to replace Rufus Gregory, president for the past year.

Others who took office at last night's busy session were Al Fontana, first vice president; Carl Smith, second vice-president; C. B. White, treasurer; Tony Pace, lion tamer; Ben Tonini, tail twister; Walter Barrett, secretary and William Englehart and Rufus Gregory directors.

Koskella, who was accompanied to Truckee by Harry Gray, president of the Sparks club, gave a brief but to the point discussion on Lionism, it's aims and duties and carefully prescribed the work of the new officers. He termed the local club one of the best in the disrtict.

Anohtre honored visitor was William Morgan of Oakland, a summer resident of Carnelian Bay, who was responsible for the organization of the Truckee club. Morgan spoke briefly.

William Fairley, Jr., associated with his father in the construction of the new Donner Lake highway, entertained with piano and vocal solos. He came as a guest of Bill O'Hanrahan. Stan Gregory was the guest of his brother, the retiring president.

FIRE WORKS SHOW TO BE HELD AT DONNER ON SUNDAY

Residents of Truckee have been invited by W. B. Gelatt of Donner Lake to witness the fireworks display which will be shown at Donner Camp at 8 o'clock on the e ing of July 4. No local celebration f Independance Day is contemp ed, although with continued warm weather it is expected that hundreds will visit here over the holiday to get relief from the hot valley regions.

DOLLEY WARNS OF DANGER IN SHOOTING FIREWORKS

Fire Chief Tom Dolley today issued warning on the dangers of discharging fireworks in Truckee over the fourth. Debris in the alleys, he said, constitute a menace as a smoldering fire cracker might ignite the inflamable trash and cause considerable damage. Merchants are asked to cooperate by keeping the alleys clean.

NEVADA COUNTY IS FREE OF DEBT IN 1933 RELIEF ACT

Twenty-five California counties must begin January 1, 1938 to pay of an approximate $27,000,000 debt incurred at the depths of depression to provide relief for their increasing army of unemployed.

Los Angeles county..which borrowed $12,867,622.77 under the unemployment relief bond act of 1933.. will be the heaviest hit of all. Los Angeles' debt was six times greater than the next highest borrower, San Francisco.

Figures in the state controller's office showed that Nevada county borrowed no money under the act.

Tunnel Nears Completion In Boca Project

First Work Expcted Over By July 15; Over 100 Working

The diversion tunnel of the Boca Dam is expected to be completed by July 15, L. J. Foster, of the Reno division of the United States Reclamation reported.

The tunnel, twelve feet in diamener will speed work on the dam proper which will be lined with cement.

Temporarily, a "grizzly" screening apparatus is being used to separate the dirt from large the rocks to prepare the dirt for use in the dam and on a cut-off being built a short distance upstream. The necessity for the cut-off is to keep moisture from the river channel reaching the dam before completion.

As only material under five inches is to be used, the grizzly will segregate the sizes of rocks and gravel passed through it.

Approximately 120 men are employed at the site at the present time.

Bi-County Meet Of Legion Held Here Saturday

Delegates Attend For Meet Of Ex-service Men In Truckee

About 40 members of the Placer-Nevada Bi-County Council of the American Legion were guests of Truckee Post No. 439 here last Saturday night when a meeting was held at the Masonic Hall. The council meeting followed a brief session by the local post at which Commander Harry Edwards presided.

The meeting was turned over to the council and Commander Don Bass of Roseville was in charge.

Several resolutions, including one forbidding Legion posts to assist ex-service men unless members of the American Legion were passed.

Following the meeting a Dutch lunch was served. Members were present from Roseville, Auburn, Grass Valley, Nevada City, Colfax, Lincoln, and Truckee.

PROPOSED SCHOOL BUDGET SUBMITTED FOR OFFICIAL O. K.

The proposed budget for the Meadow Lake Union High school district approximately for the same sum as expended during the past fiscal year was submitted this week to County Superintendent of Schools Mrs. Ella Austin for approval. The budget is for approximately $15,000.

The school trustees met Monday evening to complete details of the budget.

Another meeting of the board will be held at the high school Thursday evening at 8 o'clock where routine business will follow the installation of the new member, V.V. Gilman, who officially takes office.

President H. I. Snider is slated to preside.

FOOD SALE GIVEN BY P. T. A. SUCCESS

The Food Sale which was held in Tonini's store June 25 was a grand success and the Truckee Union P.T.A. wish to thank all those who contributed.

GRAND JURY MEETS IN NEVADA CITY

It is reported that the Nevada County Grand Jury met in the superior court room on Tuesday, Foreman J. C. Scheemer having sent out notice to the members.

The subjects under discussion were not learned although District Attorney Vernon Stoll is reported to have stated that it was "county government matters" and rumors from the county seat intimated that criminal charges would be investigated.

WHITE SELECTED HEAD OF OUTING CLUB AT SESSION

Details Of Winter Sports Program Outlined At Meeting

OTHER OFFICERS

Active Campaign Is Started For New Members Of Organization

C. B. White was elected president of the Truckee Outing Club at the reorganization meeting held at the Justice Court rooms in the Riverside Hoted here last Monday evening. He replaced Frank Gaiennic, past president of the organization which is sponsoring a $100,000 winter sports program for Truckee.

C. B. WHITE

The other officers elected were C.E. Smith, first vice president; Frank Gaiennic, second vice president; C. Edmunds, secretary Miss Catherine Rossarini, treasurer, and Dave Cabona, Mrs. Edith Fay, Walter M. Barrett, E. L. Loynd and A. P. Lietch, directors.

Five additional directors will be selected at a future date. Approximately 20 members of the club attended the session.

The meeting was called by Edmunds, who with Barrett, consulted officials in San Francisco relative to a program of cooperating to finance the program. various phases of the program were discussed at some length and a detailed report, including the plans and expenditures proposed is being drafted for submission to the concern, officials which have expressed a willingness to assist materially under the stipulation that Truckee merchants and others show a spirit of cooperation.

Included in the program outlined tentatively is the completion of the indoor ice skating rink. A new ski hut and A and B class jumps are proposed and a toboggan slide and ski pull-up are contemplated. All details will be worked out later, it was agreed

Each member present pledged themselves to procure at least five new members to the club, boosting the membership to a new record.

GOOD CATCHES OF FISH ARE MADE IN THIS REGION

Fishing in the Truckee-Tahoe region is "perking up".

During the past week two fine catches have been made—the kind of catches that fishermen spend years trying to duplicate.

Roy Waters of Truckee landed a six and one half pound Loch Leven in the Truckee River last Thursday using a spinner for a lure. A short time previously, he landed the limit in four fish.

This week, Father William Daley, also of Truckee brought a nine and a half pound silver trout out of Lake Tahoe. It was one on the finest specimens caught in this region, according to Slim Ellert of the Sport Shop, who weighed the catch.

SECTION FOREMAN SLAYS SELF DURING NIGHT AT COLFAX

John Magni, about 55, for the past 35 years employed by the Southern Pacific on this district as section foreman, was found dead in his home at Colfax Wednesday morning. A pistol was found near the body and officers said Magni had committed suicide. No motive for the act was known.

Mgni was well known in Truckee where he at one time was employed.

He leaves a widow and two sons, residents of Sacramento.

A CRIMINAL COMPLAINS

" Alcatraz is awful.....they never give a guy a break."

These are the words of the latest prisoner releasd from that fortress-like Federal prison on a little island just inside the Golden Gate. The story he told to the press the other day was a tale of woe indeed.

Somehow the tendency to feel sorry for this man and others behind those impenentrable gray stone walls is a little difficult to understand.

Certainly Alcatraz is no country club, with all the superior appointments of a Ritz-Carleton Hotel, but even so there has yet to come to light no evidence that treatment given criminals there is actually inhumane.

There are plenty of people who find that even an honest life is tough and is not altogether overflowing with good "breaks"....people who have not murdered or swindled someone.

So long as prisoners leave the island penitentiary feeling they would not soon like to be back, and so long as the underworld fears it, Alcatraz will be accomplinshing its purpose.

INGENIOUS NEVADA

Ingenious Nevada, seeking added state revenues, has found a new and presumably legal way to cash in on the universal desire to get something for nothing. Articles of incorporation were filed the other day at Carson City for an organization which will conduct a huge football pool this fall. with a capital prize of $100,000. Sop to the state is a new children's hospital in Reno, a project which will receive ten per cent of the corporation's receipts.

National lotteries have long been in vogue throughout Europe, and it may be that Nevada is taking the first step along the road to government participation in gambling, although legislators will tell you most Americans would never sanction the legalizing of an admitted evil. But, as the president of the new corporation explained, the pool is'nt a lottery and it isn't a sweepstakes, so it really isn't gambling. Shrewd, these Nevadans.

"EARMARKING" FOOD"

Now science has found a way to "earmark" food so that it can trace even the course of a hamburger steak after its absorbtion by the human body. The University of Minnesota scientists are conducting the experiment, by which such common chemical elements as phosphorous, calcium, sodiam and potassium will be "bombarded" into radio activity by a specially-built generator.

From their lodging place in tissues or bones, these particles will give off radiations which can be detected by sensitive devices. Happily, the scientists are going to begin their experiments on rats. For a while, at least, the diner who sits down to a fifty-cent blue plate special need have no fear that he will light up like a phosphorescent watch dial later in the evening.

A Comparison for Independence Day

Politically Speaking

By GEORGE E. HELMER

(United Press Staff Correspondent)

SACRAMENTO, July 1, —(UP)— Capital observers believe Governor Frank F. Merriam finally has registered a definite indication of his personal preferences in the Huntington Beach tideland oil dispute.

He informed the press conference that he has been "giving a good deal of attention to the tideland oil bills," bpt declined further direct comment.

Whether his announcement represented a trial balloon or a definite move toward eventual approval of the oil bill introduced in the legislature by Assemblyman John O'Donnell, Woodland, remains to be seen.

Although the outcome may not be known until midnight July 2, there was a general feeling that Merriam will sign the O'Donnell bill soon if at all. There was little doubt he prefers the O'Donnell measure to the Welsh bill, which the legislature also left on his desk.

In revealing that he has the oil bills under consideration again, the governor released to the press a tabulated summary of the two bills awaiting his decision and the Olson oil bill enacted by the legislature and approved by the governor prior to the lawmakers adjournment.

He said the summary was prepared by a gentleman who is thoroughly acquainted with the state's oil and gas situation, and who has no commercial interest in any of the bills."

"He came to me and wanted to know if I wanted an analysis of the bills," Merriam explained. "Knowing his qupalifications I said I did."

He also released a statement emphasizing favorable points of the O'Donnell bill which he said had been given him by an interested party. He did not name either author of the summary nor the person who submitted the statement, but said the latter was not McDonnell.

Reached at his home in Woodland O'Donnell said he had not communicated with the governor for some time and expressed surprise at the reports that the chief executive viewed his proposal favorably.

Either the O'Donnell or Welsh measures, if signed by the governor would supersede Senator Culbert L. Olson's measure, which is now in effect by virtue of n emergency clause approved when it was passed.

A point in the bill summary which appeared significant was the showing that legality of either the Welsh or O'Donnell measures might be challenged in court as special legislation since they apply only to the Huntington Beach field. On this same point the summary said of the O'Donnell bill: "adds section to present act, which is statewide and conforms to the attorney general's opinion."

Soon after the Olson bill was signed during the legislative session, and there was reason to believe the oil issue was disposed of, activity was renewed on the Welsh and O'Donnell proposals. There were indications at that time that the Olson bill eventully would be superseded, with it's questionable validity as one of the grounds for discarding it.

Although proud of California's position as having one of the "most favorable old age pension and blind aid bills of any state in the nation," state officials are apprehensive of the consequences.

Governor Merriam was one of the first to voice apprehension as he signed the Harnblower old age pension liberalization and blind aid bills, introduced in the legislature as Assembly Bills No. 1 nd 4.

"I have only one regret in signing this bill," Merriam commented. "I am afraid that these things will attract to California hordes of the

TAHOE DISTRICT PERSONALS

For the first time in four years the Buck brush and wild lilac are blossomed forth in sweet scented profusion. Hillsides and roadways of Tahoe are literally mantled with this dainty white bloom which almost nauseates with it's tremendously heady perfume. Early frosts failed this year to kill the hardy brushes which, when they do live to flower, present an array of beauty long to be remembered.

The J. L. Debenedetti home in Sunnyside is the scene of a grand family reunion this week, members of the family gathered for a vacation stay including Mr. and Mrs. J. Terence Gidre and baby son of Stockton, Miss Joan Dibenedetti, Miss Regina Cuneo, Mr. and Mrs. J. L. Debenedetti of San Mateo, A. Sergetti of Santa Cruz and George Debenidetti of Half Moon Bay..

Mrs. T. A. Godel of Portland Oregon, who was accompanied by her son and his family of Sacramento, Mr. and Mrs. A. T. Godel, recently enjoyed a vistit at Tahoe where they were gusts at Prusso's Forest Inn.

Mr. and Mrs. Ralph Taylor and Mr. and Mrs. J. L. Prall have recently purchased a fine summer home from the Wm. Kent estate through F. A. Kilner and Co. This propedty is located in the beautiful Sunnyside Tract bordering the lake front. The new owners have made several important additions to their home, and will reside there until fall.

VOTERS ATTENTION !

On Wednesday, July 7, you will be called upon to decide whether Truckee will have its new fire truck or if we shall continue without the fire protection which we vitally need.

A special district election will be held at the Justice Court chamber in the Riverside Hotel next Wednesday. Your vote and the votes of your friends are needed.

The members of the Volunteer Fire Department have endorsed the plan for a new truck unanimously. We realize the absolute necessity of the apparatus and sincerely feel that in this emergency you will respond and lend all possible assistance in making it possible to provide this equipment.

We are asking you to vote next Wednesday not through any selfish desire, but simply to protect your own property and perhaps your life. You can depend always upon the members of this department to do their best with whatever equipment available, but without the truck, you can easily understand that we are greatly handicapped.

FOR YOUR SAKE AND THE SAKE OF THE SAFETY OF TRUCKEE PROPERTY GO TO THE POLLS NEXT WEDNESDAY AND VOTE YES.

TAHOE REGION NEWS

By Swanee

NIGHT PATROL WILL BE INAUGURATED IN TAHOE BY OFFICER

TAHOE CITY, June 28,—Constable Harry Johansen of Tahoe City announces this week that he will inaugurate a night patrol service of the Tahoe region beginning July 1st. For a small monthly fee residents may have their homes visited at regular intervals winter and summer a procedure which should lessen perceptibly the acts of vandalism which from time to time have been discovered at isolated summer homes without caretakers. During the severe winter months when storms make automobile travel impossible Johansen will make his rounds by dog team or skiis.

MRS. SHANK FETED AT BIRTHDAY PARTY

TAHOE CITY, June 28,—Mrs. L. G. Shank Jr., of Carnelian Bay was honored guest at a party given in observance of her birthday at Prusso's Inn on Ward Creek on Thursday June 17. The party motored over in the speed boat of the Walcott Curtiss' of Oakland who have a home on the north end of Tahoe. Guests included Miss Virginia Heaney of Reno, S. P. Durkee of Oakland and Carnelian Bay, Richard Taylor and eBtty Brannin and Mr. and Mrs. Shank Jr., Dancing occupied the afterdnner hours.

Mr. and Mrs Art Crist Jr. will visit at the home of Mrs. Al Coogan of Brockway for two weeks after which they will be the houseguests of Major and Mrs. A. P. Crist of Tahoe Pines.

Tahoe . . . . Ramblings . .

(By SWANEE)

Fire Battalion Chief Fred Leahy of Oakland accompanied by his wife enjoyed a week's vacation stay at Worden's Camp on Ward Creek.

Albert Wilson of Oakland is spending two weeks at Tahoe, occupyiny one of the Tyler cottages in Lake Forest.

Mr. and Mrs. C. W. Atherton and niece Margaret Luhrs of Fallon spent several days at Tahoe last week.

Mrs. John F. Reedy of San Francisco has arrived to spend the summer at her Timberland Tract home in Sunnyside. Her sister Miss Ann McDonald of Stockton will be her house guest for the season.

The bridge jarty of the Tahoe women's Club held at the local clubhouse in town on Thursday last week was well attended, seven tables of bridge being accomodated. Prize winners included Mrs. Howard Johnson, Miss Luella Toft of Fallon, Mrs. W. K. Wilkie of Truckee and Mrs. Pomin. Refreshments followed the card playing.

Major and Mrs. Charles Kendrick of San Francisco enjoyed a brief visit to their Tahoe Park summer home last week, leaving members of their family here while they returned to the city for a short spell before spending the summer at Tahoe.

Mr. and Mrs. Harry Bear arrived last week to spend an indefinite vacation at Tahoe. They reside in San Francisco.

Pomin's Lake Tahoe Park cottages have enjoyed popular patronage already this summer, many out-of-town residents having registered during the past few weeks. These include San Francisco's symphony orchestra leader and his wife, Mr. and Mrs. Pierre Monteux, his cellist and wife, Mr. and Mrs. Henry Woempner, all of San Francisco; Mr. and Mrs. A. Kittel of Miami, Florida; Mr. and Mrs. Neiman of the city, and A. Johnsonand L. Wolfe of New York City.

A triple birthday celebration was held at Prusso's Inn on Thursday evening last when friends gathered to honor Gene Re, his wife and little son, all of whose birthdays fall close together on the calender. Those enjoying the delightful special dinner party included Officers Gene Walker &Harry Johansen and Mr. and Mrs. Everett Prusso, Joe Re, Mr. and Mrs. Eugene Re and son Gene Jr., and Harry Canello of San Jose who made the long trip especially to be present. Dancing followed the conclusion of the dinner.

Tahoe's shores are already swarming with vacationists, among them being Jack Howatt of Oakland, Grace M. Campagno of San Francisco, Mrs. A. C. Schaackey of Oakland, Alan Fleishhacker and group of friends from San Francisco, the latter being visitors at the John Stevens home in Bettencourt Tract. Millward was orch estra leader at the Tavern six years ago and is well known here.

Mr. and Mrs. William Wallace Mein, their daughter Frances and son Gardner will enjoy the summer in travel, spending some timein England before leaving for a tour of Sweden. They will sail for home early in September.

Mrs. Raymond W. Charles is entertaining this week at her attractive home on the lakeshore in the Sunnyside district Mr. and Mrs. Jacques Bergues and their two daughters of San Francisco and Mrs. Wymond Carey also of the bay city metropolis.

TWO FISHERMEN OF TAHOE HAVE GOOD LUCK IN PAST WEEK

TAHOE CITY, June 28—Two fishing expeditions proved highly successful for two Tahoe men during the past week. Clifford Smith of Sunnyside proved himself adept at the art of angling when he landed first a 5 pound silver then a 4 pound rainbow and finally an 8 pound Lochleven in the waters of Sunnyside harbor.

E. J. Kribs painter for the Standard Oil Company at Tahoe went down on Sunday morning to see the doctor at Tahoe tavern, but found he had an hour or so to wait until the medico returned to his office. Having his pole and equipment along he sat himself down on the tavern pier to indulge in a little fishing while passing the time away. He was rewarded by catching a beautiful native trout which gave him more than a nhours battle, and which weighed in the neighborhood of 14 pounds. He used a minnow and six ounce tackle to entice the beauty.

Elated that the non-stop Russia-to-America flight over the Pole was successful, these members of the Russian diplomatic service speed to the scene of the plane's landing in Vancouver, Wash., to escort the flyers on to San Francisco. Left to right: Vladimir Begunoz, military attache; Alexander Troyanovsky, U. S. S. R. ambassador to the United States, and Stanislav Shumovsky, engineer.

LARGE ATTENDANCE AT OPENING RITES IN CATHOLIC CHAPEL

TAHOE CITY, une 28—The little Catholic Chapel at Tahoe was filled to capacity on Sunday last. Two masses are now being celebrated, one at 8:00 P.M. and one at 10:30 P.M. Grace M. Campagno, organist at St. Agnes Parish in San Francisco accompanied the choir last Sunday which consisted of Mrs. Jewel Bechdolt, Mrs. C. A. Schackey, of Oakland, Jack Howatt member of the Sacred Heart Parish Choir in Oakland and Mrs. Eleanor Swanson.

TWO TAHOE SKIIERS ATTEND LASSEN MEET AS AUBURN MAN WINS

James Worden and Albert Henry Jr., were the only two boys of the Tahoe Ski Club to ttend the Lassen ski meet on Sunday last at Mineral. Young Henry placed second in the Slalom behind Roy Mikkelson of Auburn, and very poor showings were the order of the day due to the wrm weather and stickiness of the snow. News reel cameramen and a huge croud were on hand for the meet which was purely exhibition purposes only.

BERT WATSON IS PNEUMONIA VICTIM

TAHOE CITY, June 28— Bert Watson who has been confined to his bed for several weeks with a severe seige of pneumonia, is still holding own after several relapses during the past week. A new nurse arrived on Monday replacing Mrs. eGrda Kvistberg whose husband Captain Kvistberg arrived for a vacation after a year and a half at sea.

POLITICALLY SPEAKING

(Continued From Page 2)

people whom they will benefit. We want to do all we can do for our own citizens, but we simply can't carry the load for the other states,"

Assemblyman William Hornblower, San Francisco, author of the measurs agreed with the governor, declaring that California's relief load has mounted to the point where "it is almost unbearable in southern California."

The Fraternal Order of Eagles already has under way a campaign to revise the federal social security act to permit special redress for states such as California and Florida, where climate, living conditions and generous relief and old age pension laws loom brighter than the less pleasant conditions of many other states, and draw relief cases.

The new pension bill retains the present $35 monthly pension payment and the 65 year age requirement, but liberalizes the law in many respects. Most important of the liberalizations permits applicants to out deduction from pensions, and allows them to own real property assessed at $3,000 and personal property valued at $500. It removes lien clauses from the act. The blind bill makes mandatory a $50 a month payment have an outside income of $15 withagainst the $32 average blind recipients formerly received.

Other provisions of the blind act follow those of the pension bill closely. Officials estimate expenses under the liberalized measures will run approximately $12,252,000 greater biennially, with the pension accounting for $7,252,000 and the blind aid about $5,000,000.

MAN OUT OF WORK MAKES JOB DOING POLICING DUTIES

SACRAMENTO, July 1, —(UP)— Fred W. Flint, local resident, forced out of work two years ago, created a job for himself. He constitutes a one-man police force for two suburban communities, and is paid a small monthly fee by each of more than 300 subscribers to his service.

A former deputy sherrif, Flint lost his service station and decided he could put his police training to good use. He has a fast coupe, equipped with a radio tuned to the Sacramento police radio station, a .44 calibre pistol and a uniform..he patrols his two "beats" from about 7:30 p. m. to daylight.

100 LIQUOR LICENSE CASES ACTED UPON

SACRAMENTO, July 1, —(UP)— More than 100 liquor license cases were acted upon by the state board of equalization during the first week of it's month-long session which ends July 12.

The board denied licenses to 50 applicants, suspended 34, revoked 14, and issued 10.

Mr. and Mrs. George ruickshank, their son George Jr. of Oakland and nephew, Sindeny Acton of Berkeley, enjoyed the week end at Lake Forest where they were guests of Mrs. Etta Tyler. William Oliver of Oakland was was also a guest at the same time.

LIGHT DIMMING IS URGED BY PATROL IN SAFETY MEASURE

SACRAMENTO, July 1, —(UP)— California Highway patrol officials urged dimming of headlights as a courtesy to other motorists and as a means of avoiding accidents.

"Our eyes contract to mere pinpoints when meeting a car with glaring headlights," said E. Raymond Cato, chief of the patrol," and when we pass the lights our eyes open very slowly, leaving us virtually blinded for a dangerous interval.

"If we are blinded by the other fellows lights we should know we are also blinding him and endangering others as well as ourselves. Cars are equipped with headlight dimming devices which should be understood and used.

LUMBER PRODUCTION IN STATE INCREASED

SACRAMENTO, July 1, —(UP)— California lumber productions showed a 21.2 per cent gain in 1936 over the previous year, according to figures received from the United States Forest Service.

A total of 1,189,849,000 board feet was cut in the state's pine region last year, and 453,676,000 in the redwood district, in mills with a total cut of 50,000 feet or more.

In all California mills more than 1,644,359,000 board feet were cut in 1936.

Sentenced

After two years of unsuccessful attempts to reach a compromise settlement, the Federal Government has prosecuted income tax fraud charges against Edward M. Smith, West Coast millionaire president of several nationally known corporations. He was sentenced to two years on a charge of having defrauded the Government of more than $150,000.
